Aspire SERIES

ENERGY STAR® Certified
SINGLE-FAMILY HOMES by Urbandale

The Lumina

35' COLLECTION

4 BEDROOMS | **2.5 BATHS** | **2,320 SQ. FT.**

More room to gather. More ways to make the space your own.

The Lumina is designed for families who like to stay connected without giving up room for quiet time. Its main floor pairs an expansive great room and generous kitchen with walk-in pantry, a separate den and double garage. Upstairs, four bedrooms, two full bathrooms and bedroom-level laundry make everyday routines comfortable, organized and easy to manage.

ENERGY STAR® Certified Performance

Every Aspire single-family home is ENERGY STAR® Certified, meaning it has been independently tested to meet higher standards for efficiency

What ENERGY STAR® Certified means for you:

- Lower monthly energy bills
- More consistent temperatures throughout the home
- A quieter, more comfortable interior

You may not see these features. You'll feel them every day and appreciate them for years to come.

25% GREEN REBATE on Mortgage Insurance

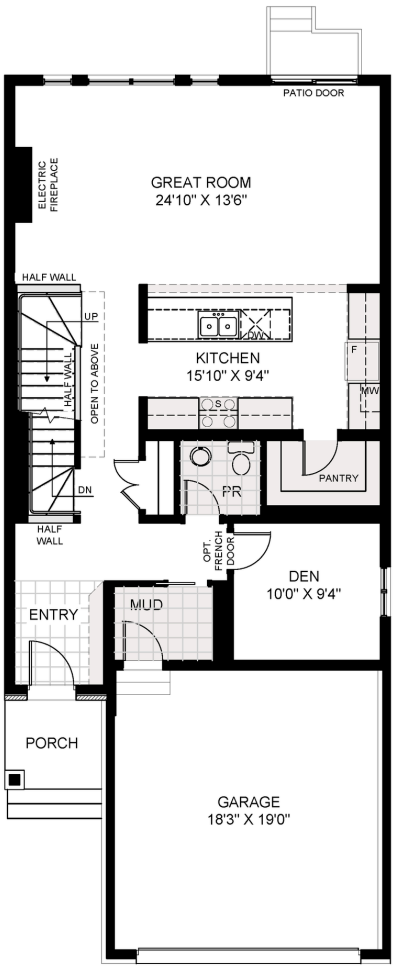

Because The Lumina is ENERGY STAR® Certified, buyers may qualify for a 25% refund on their mortgage insurance premium. This is especially meaningful for first-time buyers or anyone purchasing with a 5% down payment, who must pay mortgage insurance. With 5% down payments, insurance premiums can add up quickly, and a 25% rebate can amount to thousands of dollars. Another practical way our Aspire Series delivers long-term value, right from the start.

Urbandale construction

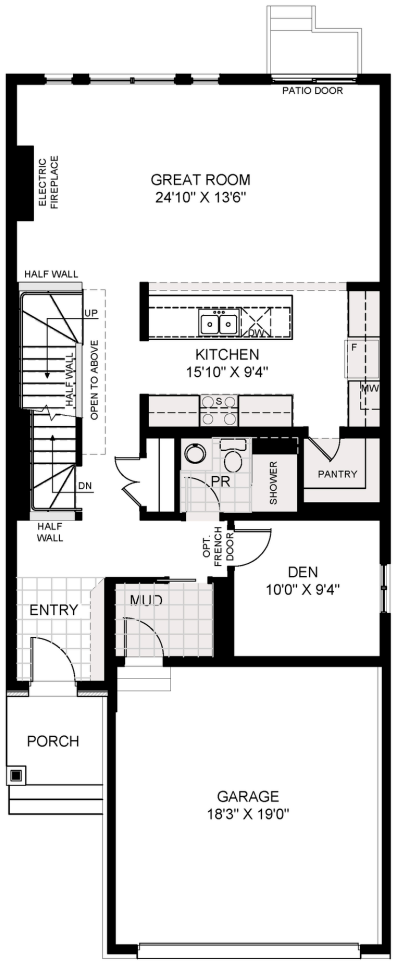

urbandale.com

Built by Urbandale. Aspire Series single-family homes are backed by Urbandale's long-standing reputation for building quality homes the right way. This means proven construction practices, attention to performance, and confidence that lasts long after move-in day.
